

# HAPPY 2023!

We wanted to highlight our best new and innovative approaches!

## NEW TREATMENTS:

### Daxxify

- The peptide based Botox alternative is made in the USA and offers staying power for up to 6 months & premium results when done by an expert injector

### Sofwave

- Ultrasound technology tightens lax skin under the neck, lifts brow, stimulates collagen, and improves lines (No downtime, works over time!)

## SLOW DOWN SKIN AGING:

### BBL Forever Young

- Ongoing studies from Universities such as Stanford have shown that the more BroadBand Light into the skin, the better it is for our skin
- BBL offers rapid improvement in skin discoloration, redness, tone and texture
- BBL offers long term gene expression changes to help your skin act and look more vibrant & youthful for years to come!

### Sculptra

- A collagen stimulating injection that allows you to rebuild your own collagen to create a more youthful structure and natural looking contour to your face

### Skin Care Regimen

- We refer to skin care as similar to nutrition and as the most important for skin health
- Scientifically proven skin care with active ingredients will set you up for success

## SPECIAL AREAS:

### The Neck

- A combination of neuromodulator (Botox), hyperdilute Radiesse filler, plus Sofwave or Virtue radiofrequency microneedling to lift and tighten, as well as improve skin quality

### Jawline/Jowels

- Juvederm Volux to augment chin and jaw projections, with the combined lifting of PDO threads for jowls, and Kybella for definition/fat reduction
